

# Capitol College Bequest Society

## Bequest Intention

I would like to join the Capitol College Bequest Society. I know that expansion of this tradition of remembrance will have a lasting impact and will contribute to the foundation of Capitol College's future financial stability.

In order to support the educational mission of the college, I have made a bequest to Capitol College in my will and have attached a copy of the relevant provision. If I make any change to this provision, I will notify the college of such change.
