

Capitol College is a small, independent college providing innovative programs integrating engineering foundations, technology and business applications. Our student body is made up of goal-oriented students and working professionals with focused academic and career interests. Capitol's education integrates knowledge and its application in a supportive environment of expert faculty, staff and fellow students. Our graduates are leaders in business, government and the community because they leave Capitol with a solid understanding of academic theory as well as a practical ability to make things happen. They find a way or make one.

### **Mission Statement**

The mission of Capitol College is to provide practical education in engineering, computer science, information technology and business that prepares individuals for professional careers and affords them the opportunity to thrive in a changing world.

### **Commemorative Brick Campaign**

Office of Advancement and Alumni Relations

## Commemorative Brick Campaign

Capitol College's rich history has roots in engineering education. Throughout the decades, its curriculum has expanded to meet new needs. And so has the campus. In honor of the college's sixth president, the Board of Trustees donated a feature to the landscape – the G. William Troxler Symposium Court. With your contribution, your name or a name you want to recognize can be a part of this campus landmark.

The symposium court is a semicircular gathering place located in the center of campus. It is the permanent spot for your commemorative brick. Be recognized as a donor to the revitalized campus by purchasing a brick inscribed with your name or the name of someone to honor or remember.

We encourage all students, alumni, friends, faculty or staff members to be a part of our exciting campus evolution and purchase a brick for only \$150. Your gift is tax deductible. More importantly, you're supporting the annual fund, which helps our college and campus continue its growth.

## Double Your Dollars

Your employer could be a matching gift company. When you make the \$150 contribution to the college, your employer could match it and make your total contribution \$300 to the annual fund!

Check with your human resources department to see if your employer will match your gift.
